

Web Portal

The VIX-Portal, accessible over [LOGIN as User](#), is an protected area exclusively for VIX participants which grants them additional services.

- A **User Profile**, where participants can check their user details and user groups including a list of members and mail addresses. A view of the subscribed mailinglists is also planned.
- The **Network** Area offers individual statistics, the route server admin interface and other useful features. More information is provided on the page: [Network](#)
- The possibility of a personal registration to VIX Events is given by the **Event Manager**.

The VIX Team is constantly working out new features of the login area. In case of helpful suggestions or feedback feel free to contact us over [webmaster\(at\)vix.at](mailto:webmaster(at)vix.at).

For information on how to obtain individual login credentials, please refer to the page [Portal Account](#).
